

PRO-LINE® FINE & PRO-LINE® MICRO — Liquid paint markers for fine line marking

The PRO-LINE® Fine and Micro liquid paint markers combine the durability of paint with the marking precision of fine, valve-actuated tips. Whether marking on small surface areas or where easily-readable marks are required, the small tip sizes provide highly-visible, sharp lines for greater mark identification.

- Available in fine and micro tip sizes for precise, permanent paint marking
- Offered in 2 sizes: fine 1.5 mm (1/16") and micro 0.8 mm (1/32")
- High-strength, lightweight barrel designed for industrial-grade use
- Self-storing cap with clip protects tip for longer life and stores easily in pocket
- Xylene-free paint reduces user health risks and eliminates California Proposition 65, EPA HAPS and SARA 313 concerns in the U.S.A.
